

Lecture Module - Non Linear Equations

ME3001 - Mechanical Engineering Analysis

Mechanical Engineering

Tennessee Technological University

Topic 5 - The Bisection Method

Topic 5 - The Bisection Method

- Analytical vs. Numerical
- A Bracketing Method: Graphical Explanation
- Algorithm Description
- Programming Exercise

Analytical vs. Numerical

Theoretical/Analytical Solution Techniques

- solving the equation using exact mathematics
- leads to an exact or *analytical* solution

Numerical Solution Techniques

- approximating the solution to the equation using varying methods, or *algorithms*
- leads to a approximate solution
- a.k.a. *Numerical Method*

A Bracketing Method: Graphical Explanation

The Bisection method is a *bracketing method*.

A Bracketing Method: Graphical Explanation

A Bracketing Method: Graphical Explanation

Algorithm Description
